

Summer of Psalms - AND

Psalm 74

"God is in it and God is good." - John Stumbo

We lose _____ when we forget that God is in each
_____ day.

Don't allow the sunny days to _____ us to _____ is
behind our good fortune.

*No day is so dark that God has abandoned you. No day is so light
that you don't need God with you.*

See God in the dark and _____ .

Know that He is in the light and _____

Don't take your eyes off God. He never takes His eyes off of you.

KNEES AND FEET (Prayer and Action): Ask the Holy Spirit to guide you to a change of mind
and action.

What mindsets might cause us to miss God in dark days & only see His presence
in light, sunny days? Ask the Spirit to reveal any assumptions or notions that may
blur our focus of the truth in Ps. 74.
